

February 20, 2013

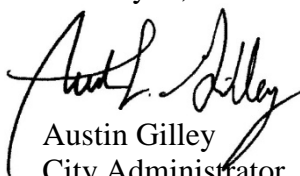

Dear Medicine Lodge Utility Customer with Commercial trash service:

Starting Monday, **April 1, 2013**, the City will be providing a new curb-side recycling and trash service – operated by Nisly Brothers, Inc. In order to make this happen, a few things are going to take place. Please read carefully as the changes will affect your commercial trash service.

1. All current commercial customers will receive a new trash container. A representative from Nisly Brothers, Inc., will be contacting you soon to help you determine the size, number, and frequency of container you will need, including recycling containers. The containers will be owned and maintained by Nisly Brothers, Inc. Delivery is planned between March 18 and March 28. If you have not been contacted by March 1, please notify the City Office at **(620) 886-3908**.
2. Enclosed with this letter is a notice from Nisly Brothers, Inc., explaining the options that will be available to you.
3. The new trash and recycling containers will not be picked up until April 1. Please use your existing trash container until that day. After April 1, the existing containers will no longer be used. Once the new operation is underway, the City will begin a rebate program to reclaim old, unwanted containers. More information about this program will be provided later.
4. All notices and letters related to this transition will be posted online as they come available for ease of future reference. The City's web site is **www.medicinelodge.ks.gov**.

Please feel free to contact the City Office if you have any questions.

Thank you,

Austin Gilley
City Administrator

We Keep You Looking Good!

February 19, 2013

Dear commercial customer,

As you may know, the City of Medicine Lodge made a decision on February 4, 2013, to contract trash and recycling collection services for the city with Nisly Brothers. We are a family owned and operated waste collection company and contract with many small cities here in central Kansas to provide trash and recycling collection services to both residents and businesses.

This change will be effective April 1, 2013.

The City of Medicine Lodge will continue to bill each customer for trash and recyclables collection and will then pay us. We will use a different type of container than the container you currently use.

Several types of recycling containers are available for commercial customers.

A representative from our company will be visiting you by February 28, 2013, to help you select the container and service that is best for you. On the back of this letter are sizes, frequency and rates. We expect to deliver your new containers March 18 - 28, 2013.

Small commercial customers may use one or two small residential carts.

If you have any questions you may call the City Clerk at (620) 886-3908 or stop in at the city office during business hours. You may also call us directly, toll free (866) 662-6561 to schedule a representative to meet with you.

Sincerely,

J Marvin Nisly
President
